

Are proud to present our **FREE:**

MCAT⁺ & DAT Academy

Medical College Admission Test & Dental Admission Test

June 6- July 20, 2016

What is MCAT+ & DAT?

MCAT+/DAT is a FREE, intense, and rewarding 6-week long medical and dental test preparation academy held at WNMU for college juniors, seniors, and recently graduated students interested in pursuing a medical or dental degree. The rigorous testing and training offered through the MCAT+/DAT Academy better prepares students for entrance into these very competitive programs.

What do I get?

- Over 50 hours of in-class test prep instruction covering the four sections in the MCAT /DAT
- Online access to KAPLAN MCAT/DAT material to support instruction
- Mock interviews and application workshops on the medical school admission process
- 5 proctored full length MCAT/DAT exams, complete with performance analysis
- Networking with peers who share the same interests
- Cultural competency training
- Previous students have improved their test scores by 44%

PREPARE!
